Hot Sportster

While the Harley-Davidson Sportster is often ignored by customizers, Rick's Motorcycles have been dedicating themselves for years to the XL models. By now there is a comprehensive parts program available in Baden-Baden, with each component being exchangeable and designed to perfectly match all the others. The results are always very special Sportsters which show a high level of individuality and perfection, while also paying tribute to the customizer. New wheels with wider tires, new rear, optimized swingarm, new handlebar, and, of course, a first-class design air filter, all Made in Baden-Baden, all from Rick's workshops.
