Rick's Custom King the 2nd!

"Custom Kings" competition the 2nd! Rick's 883 Iron is rolling!

After the success of the 2015 "Custom Kings" competition it was no question for Harley-Davidson: there would also be a competition in 2016! In that year not the water-cooled Street™ is the star, but one of the "classic" Harley models: the 883 Iron, conceived as an entry model. As in 2015, there will first be national decisions, and the best conversions will then fight for the European crown in June 2016 at the "Wheels & Waves" event in Biarritz.

Tech Facts

Manufacturer: Harley-Davidson
Modell: XL883N "Iron"
