Blue Thunder Fat Boy 300

Fat Boy upgrade, and not only the look!

What a difference a bit of chrome and colour on a motorbike can make, which can clearly be seen on this Rick's conversion, painted by top airbrusher Marcel Sinnwell. Underneath the blue clear coat are not only the airbrush motives hiding, but also a silver leaf frieze and Harley-Davidson logo from the rear to the front fender. The seat was also colour-matched.
