Screamin Eagle CVO Pro Street

The Breakout models were from the beginning among the top most sought after bikes at Rick's Harley-Davidson. Already as a stock bike, the Softail has an appealing look and an even more interesting geometry. In 2017 Harley topped this with a limited edition CVO version aimed at collectors and enthusiasts. According to the motto that there is nothing good that can't be made even better, the designers at Rick's came up with a special job and a unique bike.
