Wotan

According to Wikipedia, "Wotan" is the God of Ecstasy. Could there be a better name for such a custom bike? Rick's has completely dismantled the Milwaukee-Eight Fat Boy and rebuilt it in classic Rick's style. We could keep it short and just say that on this bike everything is from Rick's. If you're fine with this information, then you can skip what follows and instead just enjoy the photos. All others can find further information in the text below.
