Sportster S Blackberry

Since its market launch in summer 2021, the Harley-Davidson Sportster S has given great excitement to the Harley scene! Rick's Motorcycles already has developed many new parts especially for this model, which have been welcomed with ovations in the social media and the trade press. With the „Blackberry“, the Baden-Baden-based company is offering a new „variation of the theme“ that doesn't have to hide behind the already introduced XR 240.
