Bobster- Sportster Bobber

Who said that Sportster models are only something for little girls? The 48 is already a cool bike when it comes out of the factory, and when Rick's team makes a Bobber out of it, then it is certainly a bike also big men like to be seen with. A custom bike from Rick's isn't only good for posing in front of the ice cream parlour but convinces with many small detail solutions carried out by Rick's in perfect manner.
