Rick's Raceline Roadster

In spring 2016 Harley-Davidson unveiled a new model with a lot of fanfare. The Roadster has elements of typical XL model build series like the cradle frame with parallel downtubes and the tried and tested powertrain with integrated gearbox. The new one with the additional CX in the description is without doubt the most sporty Sportster so far to come out of Milwaukee. But not sporty enough for Rick's Motorcycles in Baden-Baden, and so they gave it with a few accessories a clearly more defined line.

Tech Facts

Manufacturer: Team Rick's Harley-Davidson
Modell: Harley-Davidson 1200CX Roadster
Frame Type: Sportster
Year: 2016
Value: 28.900€
